~~VON~~ PREYSING, BISHOP VON

Pro Deo Report No. 40 dealing with resignation of Cardinal Bertram as Chairman of the Fulda Conference of German Bishops, and appointment of Von Preysing as his successor. Von Preysing is one of the youngest Bishops of the German Hierarchy, and is known to have been opposing more openly the Nazi methods than Cardinal Bertram, who is now 83 years of age. The Fulda Conference has found it prudent to declare the change in chairmanship. Has no connection with any change with the German Hierarchy in its relation to the Government.
